Never crawl into the back of your truck again!

No drilling holes into your truck,
installs with just a screwdriver!

Your **Roll-A-Bed™** comes fully
assembled; fast installation!

Same tough features as our
Professional Grade PRO series.

Call today to order right from
the factory, 866-236-3986

The **Roll-A-Bed™** features large all-season comfort handles with a Heavy Duty PVC coating as shown below. Easily operated even while wearing insulated work gloves.

The latching system consists of solid steel bars- no cables or pulleys to break or come undone. The outer handle is stationary, while the inside handle is squeezed to release the latching bars. There are 6 latch points for maximum ease of use.

Built tough for the most demanding users! Roll-A-Bed™ customers include the SWAT team of major metropolitan Police Department, US Forest Service, US Army, US Air Force, Minneapolis Fire Department and trades people that depend on their vehicles and tools for their livelihood. Now that same quality is available for you!

Installs in just minutes! The Roll-A-Bed™ ships fully assembled, all you need for installation is a screwdriver.

Buy with confidence – We're so sure you'll love your new Roll-A-Bed™ we offer a 30 Day Money Back Guarantee. We'll even pay for the return shipping costs, and there is no restocking fees or hidden charges.

Years of service – Each Roll-A-Bed™ is backed by our Five Year Factory Warranty.

Order Today for fast shipment direct from our factory. We take Visa, MasterCard, Discover Cards and business or personal checks.

Live help with questions – call Toll-Free any time **866-236-3986**.

Roll-A-Bed™ features:

- Aluminum bed constructed out of 1/8" Bright Aluminum Treadplate. Light weight, but durable. No plywood to rot.
- Heavy duty galvanized steel rail system. No paint to wear off and expose rust.
- Solid bar latching system with 6 stops.
- Low profile; deck of bed is only 4" above floor of truck bed
- Rolling platform design with integrated cargo tie-down holes to secure your cargo.
- Ships fully assembled; just bolt it in and go.

Roll-A-Bed™ specifications:
